Comments

- Flat entry for ease of operation. No lifting of body fabric required
- Simple horizontal set up for elastic alignment.
- SPIRAL FOLDER SIDE WELDED FOR STRENGTH AND DURABILITY.
- All elastic guide rollers are ball-bearinged with dust free double Z shields and are independently adjustable for both height and swivel to ensure optimum elastic control.
- Mouth of Folder has unique spring loaded adjustable swivel to negotiate seams giving constant control at all times on various weights of fabric.
- Adjustable edge guide to determine amount of fold-in required.
