

Order Code:

RG M 06

Description

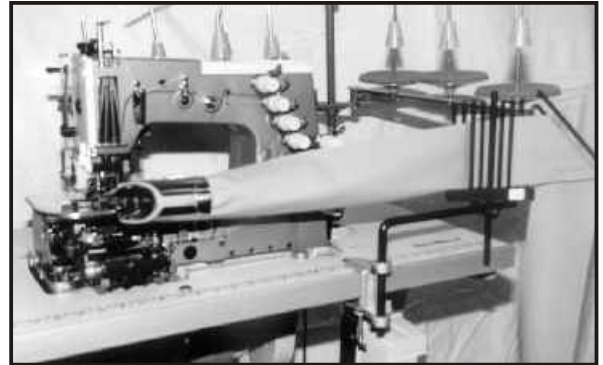

WAISTBAND FOLDER CONTROL AND TENSIONING DEVICE

**Are you having problems with
material entry into your folder...**

RG M 06 will control and tension material direct from the roll or straight from the box!

Simple construction will clamp onto any machine and is fully adjustable for height and angle.

Comments

- RG M06 waistband folder control and tensioning device clamps onto a bench top in seconds.
- Tape/binding can come from a roll RG N05 or out of a box on the floor fully adjustable in all ways.
